# TESTIMONIALS

My name is Narmada Kunwar, a member of Matata village. HG Care team conducted session on Sanitation and hygiene and proper hand washing techniques, which was really helpful for us and I appreciate how the session focused on simple, everyday things we can do. It's not just about washing hands; it's about keeping our whole community safe.

Community Member  
(Matata Village, Kailashpuri, Udaipur)

I'm Kamala Prajapat from Munwas village. Thanks to the HG Care team, they've inspired many in our village for waste management. Learning how to convert kitchen waste into compost is an effective way to minimize landfill waste and reduce pollution. Composting enhances soil fertility, supporting healthier plant growth.

**Nkamala Prajapat**  
Community Member  
(Munwas Village, Kailashpuri, Udaipur)

Thanks to the development projects in our village, we now experience a city-like atmosphere. The cleanliness of roads and drains, beautiful schools, streetlights, and greenery on both sides of the road give us a city-like feel. The installation of speed breakers at five locations in the village has eased traffic, reducing the risk of accidents for children and pedestrians. Kudos to H.G. Foundation

**Kalu Lal Gameti**  
(Community Member, Matata Village)

I, Maya Gameti, reside in Raya (K), and I am immensely grateful for the comprehensive support provided by the HG Care team during my computer course. The provision of free commuting made it financially feasible for me to attend the training. Additionally, I appreciate that the program has opened up a job opportunity for me, and I am truly thankful for this opportunity.

**Maya Gameti**

Kailashpuri village has Rajasthan's most magnificent Shiva temple, known as Eklingji. Due to tourist crowds, garbage piled up in the markets and streets, causing odors. H.G. Foundation intervened with effective waste management initiatives, including cleanliness drives and garbage disposal, resulting in a substantial reduction in litter. The village is now cleaner, creating a more pleasant environment for residents and visitors.

# TESTIMONIALS

Here, most people are illiterate, belonging to tribes. Students lacked knowledge of cleanliness and dining. The kitchen was in poor condition, requiring cooking outside. When new students arrived, they ate with their hands, sitting against the wall or on paper. Thanks to your support, the kitchen and dining hall were repaired. Tables and chairs were provided for comfortable dining. Now, meals are prepared in the kitchen, and children comfortably sit at tables for dining. Thanks to the HG Foundation.

**Gangaram (Cook)**

(Rana Punja Ashram Boys Hostel, Siyawa)

Our hostel has 100 girls studying. There was always concern about their safety. Theft during holidays and damage to facilities by antisocial elements were common. After installing CCTV, I can monitor hostel activities from any location. The worries related to the security of the girls have been alleviated. For this work, I am thankful to the HG Foundation.
